

# LIGHTBOARD ECO®

## ECO BOARDS FOR *PRINTING PROFESSIONALS*

Lightboard is a company specialized on eco-friendly lightweight products for the graphic and furniture industry. Lightboard's first product is a paper based corrugated honeycomb board. Lightboard ECO® – perfect for applications like shop fitting, POP/POS and other indoor applications.

### STRONG

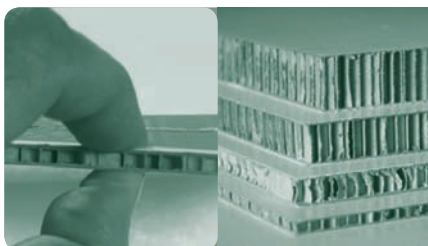

- High surface tension "thumb presstest resistant"
- Pressure persistent edges
- Highest shape stability available
- Extremely rigid!
- Very good lay-flat properties!
- Lightboard is unique, offering a corrugated honeycomb board from 5 mm and upwards!
- You can die cut 5 mm which is exceptional!

### FLEXIBLE

- All standard sizes available
- All formats by order
- Thicknesses from 5–50 mm, in 1 mm steps
- Great printability and very easy to cut. All tested and proven by the leading OEM's!
- Lightboard offers all products in boxes.

### SUSTAINABLE

- Lightboard is committed to develop and produce environmentally friendly products.
- All raw materials are carefully chosen to comply to use as little virgin fibre as possible.
- Produced in Europe, which reduces transport costs and the environmental impact.
- Lightboard ECO® products are 100% recyclable.
- All Lightboard products are produced with high quality standards according to ISO 9001:2008.
- The company Lightboard SA is company certified according to FSC-COC Standards.

Lightboard ECO® is available in the following sizes

- 700 mm x 1000 mm
- 1000 mm x 1400 mm
